# THE ALAN AND AMY MELTZER CENTER

After a 10-month building project, the Alan and Amy Meltzer Center for Athletic Performance has been completed. Marking a new era in American University Athletics, the Meltzer Center is the first new athletics and recreational upgrade on campus in more than 30 years, offering a state-of-the-art space for student-athletes and the entire AU community to thrive. Named after former AU wrestler Alan Meltzer and his wife Amy, this transformative project would not have been possible without their generous support.

The Meltzer-Danielson Wrestling Training Center spans over 6,000 square feet, doubling in size compared to the team's previous wrestling room. The Wall of Champions (bottom left) highlights some of the program's most accomplished wrestlers, including AU's national champion Josh Glenn and current assistant coach Ganbayar Sanjaa.

The Meltzer Center will serve as the playing and practice surface for multiple varsity sports. With capacity for 1,000 fans, the gym is fully equipped with hospitality spaces, concessions, and a production studio for ESPN+ broadcasts. Outside of the new playing surfaces, the Meltzer Center has an upgraded locker room, weight room, and Sports Center Annex.
